

ANNUAL REPORT

2025 - 26

FROM THE CHAIRPERSON'S DESK

Dear Friends,

It gives me immense pleasure to present the Annual Report 2025–26 of ASHA KI KIRAN FOUNDATION. What began as a humble initiative in January 2021 has now grown into a committed, community-driven organization working towards improving the socio-economic conditions of underprivileged and marginalized communities.

The foundation was established with a deep sense of responsibility to serve society and bring positive change to the lives of people facing economic and social hardships. Coming from a rural background and having personally experienced such challenges, the vision behind ASHA KI KIRAN FOUNDATION has always been rooted in empathy, resilience, and collective progress.

During the financial year 2025–26, we continued to strengthen our efforts towards integrated community development through people's participation. Our key focus areas remained:

Child Rights & Protection

Education & Skill Development

Health, Hygiene & Nutrition

Women Empowerment

Emergency Relief & Community Support

Throughout this year, we implemented several community-based initiatives across Delhi-NCR, impacting children, women, youth, and vulnerable families. Our programs focused on improving access to quality education, promoting health and hygiene awareness, strengthening livelihood opportunities through skill development, supporting women empowerment initiatives, and encouraging active community participation.

A key strength of our organization continues to be our partnerships with government bodies, non-government organizations, corporate institutions, and local communities. These collaborations have helped us implement sustainable development initiatives that empower people and create long-term impact.

During 2025–26, our focus has remained on building the capacity of local communities, encouraging leadership among youth and women, and creating opportunities for people to participate actively in their own development. We strongly believe that sustainable progress can only be achieved when communities themselves become partners in change.

As we move forward, ASHA KI KIRAN FOUNDATION remains committed to expanding its outreach, improving the quality of our programs, and strengthening our efforts to create a more inclusive and equitable society.

I extend my sincere gratitude to all our supporters, partners, volunteers, and community members for their continued trust and support. Together, we will keep working towards spreading hope, dignity, and opportunities for those who need it the most.

Warm Regards,

Poonam Singh
